

Scarborough Expands Fulfillment Service to West Coast

The [Scarborough Group of Companies](#), headquartered in Kansas City, is pleased to announce its newest location with the opening of a West Coast warehouse and e-commerce fulfillment center in Sparks, Nevada.

The Scarborough Group of Companies acts as a full service international and domestic transportation provider, as well as a U.S. and Mexico Customs broker. The group comprises Scarborough International, Ltd.; Six Lines, Ltd.; Scarborough Logistics, Ltd.; Scarborough Transportation, LLC; Scarborough de Mexico S. de R.L. de C.V.; and Scarborough Consulting, Inc.

Scarborough's fulfillment Center, located in Sparks, Nevada, is equipped with 30,000+ square feet of space and offers e-commerce fulfillment and distribution, as well as transload and devanning services.

"Adding Sparks to our warehouse network expands our 2-day ground coverage and provides our clients with additional options for e-commerce fulfillment," states Brad Scarborough, Scarborough's Executive Vice President. "Sparks is ideally located for a full West Coast distribution program outside the traditional high-cost port facilities," continues Mr. Scarborough.

In addition, all local UPS and Fedex centers are located under 4 miles from the center, and the location provides immediate access to the McCarren Loop & I-80, making transport only 4 hours from Oakland Port and 5 miles from the Reno-Tahoe International Airport. [Scarborough's nationwide fulfillment service](#), which makes up locations on the West Coast, Midwest, Southern border, and East Coast (coming soon!) is the perfect fit for many of our e-commerce clients.

Scarborough's current Chicago Warehouse manager, Rob Pingul, will open the facility in April 2019 and continue to manage operations with new local employees. Rob has nearly two decades of experience in the international and domestic shipping industry, and possesses a core value that differentiates Scarborough from its competition – customer care.

Brad Scarborough goes on to state, "Our clients have reiterated time and time again the care and customer service that Rob provides. He continually goes above and beyond exceeding our clients' expectations with new ideas and customized solutions. We are excited for his move and know he will flourish in his new position growing our warehouse network to the West Coast."

About Scarborough

Scarborough also has offices in Kansas City, Saint Louis, Chicago, Des Moines, Dallas, Tulsa, Laredo, and Nuevo Laredo, Mexico with local presence in every major port in the world. Scarborough offers U.S., Mexico, and Canada Customs brokerage services, import & export transportation solutions, domestic brokerage and asset-based trucking, warehouse fulfillment services including e-commerce and Amazon, trade compliance consulting, large equipment and project cargo transportation, as well as parcel audit savings services. Scarborough is widely known for its trade experts, free training including on-demand access, personalized customer service, customized solutions, and data analytics tools. Since 1984, Scarborough has continued to satisfy its clients by following its motto on a daily basis: **"It is our job to make your job easier."**
